

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jhmhp-20-134	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Patients' health literacy level data and their health outcomes data will be shared. Other control variable data will also be shared as well.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and study result report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, since the health literacy level of patients can vary significantly year to year.
7	To whom will you share the data?	Researchers who are interested in studies of health literacy.
8	For what type of analysis or purpose?	For analysis to evaluate the effect of GI patients' health literacy levels on their health outcomes.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: danielkim@isu.edu
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
