

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/ jhmhp-20-87	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Partial data sharing is possible, but not all
2	If not, would you like to share the reason for your decision?	Hospital policy does not allow sharing financial charges data.
3	What data in particular will be shared?	Tylenol overdose data, blood APAP levels.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	If requested we can share study protocol, but as this is a retrospective data review, I am not sure that the protocol will be of any value to anyone at this point.
5	When will data availability begin?	After the paper is published
6	When will data availability end?	For 1 year. After that we are requested to destroy the data by the IRB
7	To whom will you share the data?	Other researchers of acetaminophen toxicity
8	For what type of analysis or purpose?	Study of acetaminophen toxicity
9	How or where can the data/documents be obtained?	Can be requested directly form the corresponding author at adalabih@uams.edu
10	Any other restrictions?	-
